Expert Opinion.

What is the use of a child's going to school to learn mere grammar? Such evidently is the opinion of the mother of a girl whose teacher instructed her to purchase a book on that subject. According to a writer in the Burr Oak Herald, Lulu came back the next day with this explanatory letter:

I do not desire for Lulu shall ingage in grammar, as I prefer her in-gage in yuseful studies, and can learn her how to spoke and write properly myself. I have went through two grammars, and I can't say as they did me any good. I prefer her ingage in german and drawing and vocal music on the plane.

Gladdening His Heart. "Dear papa," wrote the little girl at the summer resort. "I have gained six ounces in weight since we came here. Mamma sends her love. Please write to us to-morrow. Send your love and all the money you can spare."—Chica-re Tribuna.

Where It Pinches.

I don't mind having to pay high prices for luxuries. It's the cost of the necessities of life that counts."
"Yes: if you get a good seat at a ball game you have to pay almost a grand opera price for it."

Relationships in South Dakota. "I notice she bowed to you. Is she

old acquaintance?" we're slightly acquainted tion. She was the first wife of my second wife's first husband."

the many which raged along the Cas-

cades and adjacent ranges. It is said by timber cruisers and millmen from

the upper waters of the rivers of the

Anticipating the danger which is sure to exist, an effective system of pa-trol is being placed in operation, the

railroads, timber owners, state and

vent the occurrence of fires and to con-

Many of the large railroads on the

a distance of 100 feet on either side of the center of the track equipping their engines with spark arresters and in-

structing train crews and employes in

fire fighting. Sparks from railroad en-

gines have-proved the greatest cause

of fires, and are followed by donkey en

gines, hunters' and campers' fires, mill smokestacks and lightning. One of the

destructive fires of the Coos Bay re-

gion was caused by a settler knocking

the ashes from his pipe among the dry leaves and twigs beside a log on which

he was resting.

An effort will be made to keep in touch with slash burnings made by settlers and to warn all persons enter-

ing the forests of this state of the ne-

cessity of exercising care in handling fire. The forest lands are now plaster-

ed with warning signs.

In this manner it is hoped to save the tremendous values which are be-

coming svailable with the development

of railroads. Timber sections which at one time sold in Oregon for \$500

have recently changed hands for as

much as \$160,000. On that basis the

prevention of forest fires becomes
